RESPONSE F

The present amendment responds to the Non-Final Office Action that rejected claims 1, 5-6, with claims 3 and 4 being objected to. Claims 7, 9, 10, 13, and 15 were found to be in condition for allowance and claims 3 and 4 would be allowable if rewritten in independent form. Applicant is amending claims 1 and 3 in order to place the application in condition for allowance. Applicant is also submitting a replacement abstract. Please reconsider the identified patent application in view of the following amendments and remarks. Applicant believes that no new matter has been added by the amendments made in this response.
